APTA Approved Credentials Evaluation Organizations

Effective January 1, 2008, the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human Services amended Section 484.4 of Title 42 of the Code of Federal Regulations by, among other things, revising the Medicare definitions of “Physical therapist” and “Physical therapist assistant.” See 72 *Federal Register* 66222, November 27, 2007.

The revised definition of “Physical therapist” includes references to an individual’s having graduated from an education program “determined to be substantially equivalent to physical therapist entry level education in the United States by a credentials evaluation organization approved by the American Physical Therapy Association or an organization identified in 8 CFR 212.15(e) as it relates to physical therapists.”

Similarly, the revised definition of “Physical therapist assistant” includes a reference to an individual’s having graduated from an education program “determined to be substantially equivalent to physical therapist assistant entry level education in the United States by a credentials evaluation organization approved by the American Physical Therapy Association or identified at 8 CFR 212.15(e).”

The organizations identified at 8 CFR 212.15(e) include:

The Commission on Graduates of Foreign Nursing Schools (CGFNS), which is authorized to issue health-care worker certificates under Section 212(a)(5) of the Immigration and Nationality Act for physical therapists.

The Foreign Credentialing Commission on Physical Therapy (FCCPT), which is authorized to issue health-care worker certificates in the field of physical therapy pending final adjudication of its credentialing status under 8 CFR Part 212.

The revised Medicare definitions apply in all settings in which therapy is furnished (e.g., hospitals, skilled nursing facilities, rehabilitation agencies, private practices, comprehensive outpatient rehabilitation facilities, and home health). CMS revised the definitions because the existing regulations were outdated and did not appropriately address individuals educated in education programs not accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) or one of its predecessors.

As of July 1, 2009, APTA approves the following credentials evaluation organizations:

**CGFNS International (Formerly
Commission on Graduates of Foreign
Nursing Schools)**

3600 Market Street, Suite 400
Philadelphia, PA 19104-2651
