

# APTA Centennial Sponsorships and Giving Prospectus

In 2021, we will celebrate 100 years as a member association and launch our next century as the largest community for physical therapists, physical therapist assistants, and physical therapy students.

This landmark occasion coincides with the opening of our new national headquarters, APTA Centennial Center, in Alexandria, Virginia.

The centennial is a unique opportunity for our community to engage, celebrate, and serve, as we embrace our rich history and generate momentum toward our exciting future.

To support these efforts, we offer the following sponsorship and giving opportunities, which support APTA's Campaign for Future Generations.

## About the Campaign for Future Generations

---

APTA's 2019-2021 strategic plan includes a goal to foster the long-term sustainability of the profession by making APTA an inclusive organization that reflects the diversity of the society the profession serves.

To support the association's commitment to diversity, equity, and inclusion, we have created a two-year Campaign for Future Generations that will conclude at the end of APTA's centennial year.

Net proceeds from APTA's centennial activities, including the event sponsorship opportunities in this prospectus, will be directed by APTA to the association's PT Fund, which includes the Minority Scholarship Fund and the Dimensions of Diversity Fund.

Funds collected for recognition and dedication opportunities within APTA Centennial Center, outlined in this prospectus, can be directed by donors to the Dimensions of Diversity Fund, Minority Scholarship Fund, or the PT Fund (unrestricted). Pledges and contributions can be made over five years (2020-2024).

Direct donations to support the Campaign for Future Generations can also be made to the Dimensions of Diversity Fund, the Minority Scholarship Fund, or the PT Fund (unrestricted).

The Minority Scholarship Fund provides scholarships to ethnic and racial minority PT and PTA students and faculty. The Dimensions of Diversity Fund will provide support for additional diversity, equity, and inclusion initiatives, as approved by APTA's Board of Directors.

Through these funds, we will establish a legacy to support the stewardship of our association and profession.
