

## ***Catherine Worthingham Fellows of the APTA Instructions for Nominators***

The following information was prepared to aid nominators in making a nomination for the APTA membership category of Catherine Worthingham Fellow. Please carefully read all information below prior to starting the nomination submission process.

### **General Information**

- Catherine Worthingham, PT, PhD, FAPTA, was a change agent who was effective, respectful, and honest, and motivated others to make an impact within the physical therapy profession. She was also a visionary who demonstrated leadership across the domains of advocacy, education, practice, and research.
- The purpose of the Catherine Worthingham Fellow designation (FAPTA) is to honor Dr. Worthingham and inspire all physical therapists to attain the high level of professional excellence and impact in terms of advancing the profession she exemplified.
- The FAPTA designation is the highest honor among APTA's membership categories.
- Each nomination packet must include specific evidence of a nominee's excellence in **one** primary domain (advocacy, education, practice, or research). The packet must also include evidence of demonstrated contributions and achievements of the primary domain across at least two of the three non-primary domains. **Although nominees often have made outstanding contributions in more than one domain, specify only one primary domain.**
- A nominee's curriculum vitae provides a listing of the nominee's accomplishments. Nomination and support letters should go beyond such a listing and should elaborate on the accomplishments to help illustrate how the nominee has:
  - demonstrated excellence in one primary domain (advocacy, education, practice, or research);
  - made significant contributions, achievements, or leadership in at least two of the three non-primary domains; and
  - advanced the physical therapy profession through frequent and sustained efforts for a period of not less than 15 years preceding the nomination.

Please see the sample descriptions at the end of these instructions of how a nominee's contributions and achievements within a primary domain and translation across the other two of three non-primary domains might be reported. This table is designed to assist with writing letters of nomination and aid writers with accurately describing why a member should be elected as a Catherine Worthingham Fellow. The examples are intended to provide greater clarity regarding the depth and breadth of contributions that distinguish an individual as deserving of the Catherine Worthingham Fellow designation (FAPTA).
