

APTA CSM 2023: Hot Topics From Every Section and Academy

Visit apta.org/CSM to see all educational sessions.

Acute Care

- Right Patient, Right Clinician, Right Plan: Acute Hospital Care Delivery Framework to Optimize Resources
- Acute Care Core Outcome Measure Set: Putting the Recommendations Into Practice
- Should Simulation Hours Count Toward Acute Care Clinical Education? An Oxford Debate

Aquatics

- Power, Speed, and Agility With Pool Plyometrics
- Pediatric Aquatics for Infant Through Adolescent Population
- Aquatic Therapy as a Component of Comprehensive Oncological Rehabilitation

Cardiovascular & Pulmonary

- How to Care for People With Long COVID
- Dosing Matters: Prescribing Exercise to Maximize Clinical Benefit
- Responders or Non-Responders: From Physiology to Clinical Practice

Clinical Electrophysiology & Wound Management

- Thinking Beyond Dermatomes and Myotomes: Differential Diagnosis and Management of Patients With Lower Extremity
- Where Does It All Fit In: Antibiotics, Nutrition, Age, and Exercise
- Clinical Utility of Ultrasound Imaging in Lower Extremity Pathology

Education

- Beyond Race: Case-Based Content to Represent Social and Structural Determinants of Health
- Is It Burnout or Is It Moral Injury? Explorations Around Well-Being and Moral Resilience
- Rethinking Traditional PTA Clinical Education

Federal Physical Therapy

- Building Performance or Just Getting Fatigued?: Structuring Treatment Plans for Return to Duty and Sport
- Adaptive Sports Innovation: Creative PT Applications Promote Inclusion for Athletes With Complex Impairments
- Lateral Ankle Sprains: A Deeper Look to Guide Management

Geriatrics

- The Carole Lewis Lecture Key Words: Defining Our Role in Caring for Older Adults?
- Clinical Practice Guideline for the Management of Falls in Community-Dwelling Older Adults
- Jump In! Jump Training for Older Adults

Hand and Upper Extremity

- Significant Scapular Dyskinesia: the Evidence, the Evaluation Algorithm, and the Treatment Strategies
- Rotator Cuff Disorders: Physical Therapy Management, Surgical Decision Making and Techniques, Post-Operative Rehab Considerations
- Explaining Pain to Patients With Arm Pain

Home Health

- Do What While Doing What? Brain and Body Working Together to Optimize Safety and Function
- Wheelchair Seating Interventions in Home Health and the Value-Based Health Care Opportunity
- Current Topics in Home Health

Leadership and Innovation

- Technopalooza 2023! Hands-On Technology Playground for Learning
- Lamp Leadership "TED Style" Talks: Shared Lessons on Leading Within and Leading Others
- Actualizing Inclusion, Diversity, and Equity for the Health Professions (AIDE4HP): An Implementation Framework

Neurology

- Novel Rehabilitation Strategies for Persons With Vestibular Disorders and Mild Brain Injury
- Blood Flow Restriction Training: Applications in the Neurologic Population
- Bridging Care Gaps With Music-Based Digital Interventions: Evidence in Stroke, Multiple Sclerosis, and Parkinson Disease

Oncology

- Oncology Curriculum Guidelines in Entry-Level DPT Programs: Develop an Education Manual for DPT Programs
- Surgical Management of Extremity Lymphedema: the Role of the Physical Therapist
- Physical Therapy Treatment for Chemotherapy-Induced Peripheral Neuropathy: an Evidence-Based, Hands-on, Workshop

Orthopaedics

- Spotlight on Research: What to Measure and Treat in the Lumbar Spine
- Sports Medicine Secrets: Analysis of Common Functional Movements in Professional Sports – Spinal Injury
- Safe Treatment of People With Neck Pain and Headache

Pediatrics

- Who's Afraid of Wolff's Law? Developmental Movement System Model: Leveraging Multisystemic Plasticity for Long-Term Outcomes
- From Crib to College: Interpreting Pediatric Vital Signs By Condition and Practice Setting
- Learn the Signs. Act Early: Evidence for Developmental Surveillance Milestones and Crawling Versus Early Mobility

Pelvic Health

- You've Got Some Nerve! Vagus Nerves Impact on Pelvic Pain, GI Disorders, and Mental Health
- Changing Pelvic PT P.O.P Culture: an Evidence-Based Approach to Helping More People With Pelvic Organ Prolapse
- Moving Through Pain and Trauma Change: Your Patients Relationship and Perception of Pain

Private Practice

- Magnetic Marketing: 5 Super Effective Methods to Attract Your Ideal Patients in Any Climate
- Understanding Remote Therapeutic Monitoring as It Applies to Outpatient Physical Therapy
- Intrapreneurship: Improving Employee Satisfaction and Retention Through an Innovative Model

Research

- Precision Physical Therapy: How Lifelong Healthy Behaviors Modulate Biology, Determine Health, and Affect Populations
- ACE Talk: How to Be an Innovator: Identifying Opportunities for Innovation as Physical Therapists
- It's Just Demographics, What's the Fuss?: Promoting Inclusive Research Through Intentional Data Collection

Sports

- Sport Specialization Among Youth Athletes: Where Are We in 2023?
- Don't Get Hamstrung By Hamstring Strains: From Assessment to Rehabilitation and Return to Sprinting
- Physical Therapy Considerations for the Traditional, Paralympic, and Soccer Athlete With Amputation
