

APTA CLINICAL SPECIALIZATION POLICY HOD Y06-19-67-31 [Policy]

Clinical specialization in physical therapy is a voluntary and unrestricted process. Participation is initiated at the request of the individual, and no attempt is made to prohibit others from practicing in a specified area, nor is it required that physical therapists who are certified restrict their practice to the area in which they are certified. However, physical therapists shall not purport to be a “board-certified clinical specialist” unless they have successfully completed the certification process as developed by the American Board of Physical Therapy Specialties (ABPTS).

The purposes of the association's Clinical Specialization Program can best be achieved through a centralized organization, which provides reasonable uniformity in the level and type of standards adopted as the basis for certification and provides for the participation of consumer representatives in the decision-making process. The organizational body that guides the American Physical Therapy Association Clinical Specialization Program is ABPTS and its appointed specialty councils.

Criteria for establishment of a new specialty area are established by ABPTS and guide the development of all new specialty areas. The APTA House of Delegates approves all new specialty areas. The approved specialty areas are:

Cardiovascular and Pulmonary Physical Therapy	1981
Orthopaedic Physical Therapy	1981
Pediatric Physical Therapy	1981
Sports Physical Therapy	1981
Clinical Electrophysiologic Physical Therapy	1982
Neurologic Physical Therapy	1982
Geriatric Physical Therapy	1989
Women’s Health Physical Therapy	2006
Oncologic Physical Therapy	2016
Wound Management Physical Therapy	2019

ABPTS approves certification of clinical specialists in each specialty area. The specialty councils define, develop, and modify the requirements for certification and recertification in their specialty areas. The APTA Board of Directors directs funding for the specialist certification program, and serves as an appeal body for certification candidates.
